

ADVANCED ROBOTIC FULL-ARCH TRAINING

Building your full-arch implant practice with robotics

May 2-3 | Raleigh, North Carolina

12 CE hours approved

If you're a Yomi® user who's looking to take your full-arch practice to the next level, this is the course for you! Don't miss this opportunity to learn from seasoned robotic providers and experts in full-mouth reconstruction.

Highland Implant Center and the Institute for Advanced Robotic Dental Implants are proud to host this intensive training for Yomi doctors and clinical team members. This two-day course includes:

- Live case observations
- In-depth treatment planning
- Lectures and interactive sessions on key clinical, restorative, and business topics
- And more
